

0888-CPR-0239-2013
Issue 1

In compliance with Regulation (EU) No 305/2011 of the European Parliament And Of The Council of 9 March 2011 on the approximation of laws, regulations and administrative provisions of the Member States relating to the construction products (Construction Products Regulation – CPR) it is stated that the construction product:

Vehicle Restraint System
Trend™ CEN Double Sided Terminal

Whose characteristics are described in Technical Documentation TRENDDES rev 1 dated 25th September 2013 and whose performance under impact are detailed in the attached annex

placed on the market by:

Trinity Highway Products International
Crown House
Crown Street
Ipswich
IP1 3HS,
United Kingdom

and produced in the factory:

Dynamic Traffic System (HK)Ltd
Qiaogi Industrial Park,
Xuxiake Town, Jianglin City,
Jiangsu Province,
China

is submitted by the manufacturer to a factory production control system (FPC) and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the notified body MIRA Limited has performed the initial type-testing for the relevant characteristics of the products whilst the initial inspection of the factory and of the factory production control has been conducted by SP Technical Research Institute of Sweden (Notified Body 0402) who will further perform the continuous surveillance, assessment and approval of the factory production control.

This certificate attests that all provisions concerning the attestation of conformity and the performances described in Annex ZA of the standard:

EN 1317-5:2007+A2:2012

Have been applied and that the products fulfil all the prescribed requirements:

This certificate remains valid as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly and must be read in conjunction with a valid certificate of factory production control.
